

## Grade 5/6 Home Reading Program

Reading at home on a daily basis plays such an important role in your child's reading development. Please complete (and sign) the Weekly Home Reading Log with your child and return the log to school each Wednesday. Home reading minutes will be recorded each week, and students will earn a small reward for every 200 minutes read at home. Encourage your child to read at home everyday; 15 to 30 minutes each night is a great place to start!

Thank you for your home support - it makes such a difference!
